Expanding Care Horizons in the Community

We were delighted to engage with GP trainees at Kings Mill Conference Centre, organised by Sherwood Forest Trust. Our Director, Nabeel Khan, shared how Bluebird Care Mansfield & Ashfield's Premium Home Care services can be a vital extension of their practice, ensuring seamless patient care beyond the clinic.

This connection is crucial for better patient outcomes.

It's good to be home.

● Connecting with Future GPs at King Mills Hospital

We recognise the pressure faced by the hospitals, and GPs in particular. Hence, we can act as an extension of the care provided by the GPs, allowing an increase in the number of patients with complex care needs.

We can provide reliable and professional support to the community, leading to a reduced number of hospital admissions and readmissions.

Our quality care at home can help the patients waiting for their social care package to be implemented.

It's good to be home in Mansfield & Ashfield

Health check of Sandra with Bluebox

At Bluebird Care Mansfield & Ashfield, your health is our priority. With our Bluebird Care Blue Box, we'll take care of your loved ones by checking their vitals and keeping a record of their health.

Bluebox health check, we ensure that you and your loved ones stay safe, healthy, and supported.

Sandra's daughter commented:

"Thank you for all you do, mum really likes you."

Bluebird Care Blue Box

Goodbye

Emma

We say a heartfelt goodbye to Emma, our amazing Community Engagement Lead at Bluebird Care Mansfield & Ashfield.

We're so grateful for everything she's done and know she'll be truly missed.

● Engaging with Our Local Community – Quarrydale Academy Careers Fair

We were proud to be at Quarrydale Academy's Careers Fair, meeting students from Years 10 to 13 and sharing insight into the rewarding world of home care.

At Bluebird Care Mansfield & Ashfield, we're passionate about supporting our local community and inspiring the next generation. Events like these give us a fantastic opportunity to talk about the important work our care teams do every day.
