EMPLOYEE OF THE MONTH

We are pleased to recognise Paula Ryde as our Employee of the Month for March.

Her compassion, professionalism, and dedication to delivering exceptional live-in care make a real difference everyday. We thank Paula for her outstanding contribution and positive difference she makes everyday

LIVE-IN CARE EXPERIENCE: HEAR IT FROM SARAH

We recently spent time with one of our customers to hear their honest experience of having a live-in carer. From the very first day through to daily life at home, they shared what this journey has truly meant to them in their own words.

They spoke about the comfort of consistent companionship, the reassurance of having support always there, and the difference it has made to their independence. What stood out most was how natural and positive life has become.

See how live-in care changed their daily life and gave them back their independence. It could be the same for you or your loved ones. Hear this direct feedback from one of our customers, where she opens up about life with our live-in carer

MEET THE TEAM A FEW YEARS AGO . . .

Every member of our team has a story that started long before they joined Bluebird Care Mansfield & Ashfield. This month, we took a moment to look back at where it all began, sharing childhood photos of the people who now deliver trusted care across our community.

From leadership to care experts, each journey reflects growth, compassion, and a shared commitment to making a difference. It is a reminder that behind every care visit is a person whose values have been shaped over time, leading them to a role where they support others every day.

It is these journeys that continue to define who we are as a team and the care we provide to our customers.
