## A MESSAGE FROM KARINA

Whilst the reputation of Bluebird Care Wandsworth is excellent, we recognise that we are only ever as good as our Customers say we are and we must never rest on our laurels. We are always seeking ways to improve and perfect what we do and conducting our Annual Customer Satisfaction Survey is one way of gauging what you really think. We need your feedback, critiquing all areas of our service so that we can properly understand what is going right and what needs tweaking.

Having established Bluebird Care Wandsworth a little over eleven years ago because I wanted to make a positive difference, I have to confess to feeling extraordinarily proud by the general findings of the survey. It is a testament to the efforts of the outstanding men and women whom I have the privilege to work alongside who believe, just like me, that if you are going to do something then you should do it to the best of your ability.

## REPORT SUMMARY

This report summarises the findings of our Annual Customer Satisfaction Survey which was conducted during September this year.

53% of our Customers completed the survey – we would have liked more - and those who did not were actively encouraged to do so. Generally we were told that if there were a problem, they would let us know but they were happy and therefore did not feel the need to take part. As the completed surveys arrived, we noted all areas where we did not achieve 100% and investigated each and every instance to ensure the issues were properly addressed and resolved. We also of course held our **Prize Draw for a Marks & Spencer Hamper** and would like to congratulate Yvonne on being this year's lucky winner!

*We have been overwhelmed by the positive feedback and comments we've received and the fact that **once again, 100% of our Customers said they would recommend us to family and friends.*** We were genuinely touched to receive so many generous comments from our Customers and their relatives – and a selection of these are included at the back of this report.

We do not take these commendations lightly and we will continue to do everything we can to be deserving of your praise. Customer feedback is vital in helping us get it right and learning from the times when we don't so please continue to feel confident in sharing your views with us.
